What you get

Syllabus in 70 blocks
The whole law optional syllabus is divided into 70 blocks, each with detailed printed notes, so you always know what is covered and what is next.

Noting in class
Comprehensive noting in every class: what to write for a topic and how much, so your own notes are exam-ready.

Question-type focus
Each block covers the type of question UPSC asks from it and ends with quick-revision pointers.

Five questions a week
Writing practice every week: five questions based on that week's classes, so answer writing starts from the first month.

Test series included
12 tests, 8 sectional and 4 full length, after the syllabus is complete. The test series is included in the Foundation batch.

Online access on request
Offline students ordinarily do not get online access, but can request it for a few missed classes.
