A sample of the evaluation is on the toppers' copy page: www.defactolaw.in/law-optional-toppers-copy.

Syllabus-wise tests
Each test is set on the syllabus prescribed for it, so you can prepare the syllabus test by test.

When to join

Joining a test series is very useful, but only once you have completed the syllabus at least once. It helps you understand what to write. Writing directly in Mains, without practice, is a bad decision.

- After you have completed the whole syllabus once, or while covering it as per the syllabus prescribed for each test.
- Before Mains, to prepare for the upcoming exam under exam conditions.
- Right after Mains, to prepare the syllabus test by test and check how much you have grasped over the year.
